TOWN WARRANT

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Candia, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at Town Hall, in said Town, on Tuesday the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see how much money the Town will vote to raise for roads and bridges.
4. To see if the Town will vote to accept State aid and raise money for same.
5. To hear the proposition of the State Commissioner relative to State highway and pass any vote relative thereto.
6. To see if the Town will vote to establish a Municipal Court in accordance with Session Laws of 1915.
7. To see if the Town will vote to prohibit Sunday hunting.

8. To see if the Town will vote to exempt the C. W. Phillips Shoe Company from taxation for a period of ten years.

9. To see how much money the Town will vote to raise for Memorial Day.

10. To see if the Town will vote to have a caretaker for Moore's Park.

11. To see how much money the Town will vote to raise for Smyth Public Library.

12. To see if the Town will vote to assist pine owners in protecting pine growth against the White Pine Blister Rust and raise money for the same.

13. To see if the Town will vote to deed land to Mrs. Frederick Smyth upon which to erect a public library.

14. To see if the Town will vote to discontinue the Fogarty road, so-called, and the road leading therefrom to the old mill.

15. To see if the Town will vote to discontinue that part of the mill-road, so-called, which leads from Pearson's corner to the Brown road.

16. To see if the Town will vote to complete the stone wall across the front of the Holbrook Cemetery and appropriate money for the same.

17. To bring in your ballots upon the question as to whether the amendment proposed by the Convention to revise the Constitution shall be approved.

18. To see if the Town will vote to elect one or more Road Agents.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord nineteen hundred and twenty-three.

GEORGE V. GAGE,
P. E. SARGEANT,
ERNEST S. COLCORD,
Selectmen of Candia.

A true copy of Warrant—Attest:

GEORGE V. GAGE,
P. E. SARGEANT,
ERNEST S. COLCORD,
Selectmen of Candia.

SCHOOL BOARD REPORT.

SCHOOL ORGANIZATION.

School Board:

Charles W. Phillips, Paulina Sargeant, John D. Underhill.

Superintendent of Schools:

Vincent Gatto, A. B., LL. B.

Teachers:

Patten Hill, Mildred Anderson. Hill School, Bessie S. Blake. High Street School, Albina Beland. East Candia School, Anna Doherty. Colcord School, Ellen Mitchell. South Road School, Hazel Plummer. Corner School, Marion Browning.

Report of Superintendent of Schools.

To the Candia School Board:

Herewith I have the honor of presenting my second annual school report.

The Candia schools are steadily improving, as the various items discussed in this report will show.

Since last year the Candia schools have gradually secured more material to work with. New texts have replaced books which were out of date, and also the old and worn out ones. Provision has been made to furnish the little folks in the Primary grades with seat work in order that they may have something to do during the time that the teacher is not working with them. New maps have been added; also considerable

supplementary reading for the upper grades in order that they may have something to do during their spare time, and to develop in them a love for the master pieces of literature, and history, for further information, pleasure, and mental training.

Since last winter the South Road School has been somewhat overhauled. While there is much room for improvement it is in much better condition than it was during the first part of last year.

The building situation in general requires some attention. I respectfully suggest that the School Board and the Superintendent get together and devise plans for the betterment of your buildings.

There are two things which need immediate attention. Something should be done to remedy the cross lights in all the buildings. Your children's eyes are too important to allow them to be injured by a bad lighting system. Furthermore the stoves in the various schools should be jacketed, and a simple system should be devised to let in the fresh air, and let out the foul, without having to open the windows. The expense involved will be small, and the benefits derived great.

Last spring I had the pleasure of giving the final examinations to the members of the graduating classes in the various schools. The results were satisfactory enough to enable me to recommend their graduation. More than half of those graduates are now attending first class High Schools. I am glad to report that your schools fitted them to do good work.

Last June Candia made educational history for itself. I understand that the graduation exercises held were the first ever had. A most interesting program was arranged by the teachers and the Superintendent. The program was carried out in the Town Hall in the presence of many citizens. The graduates all had a share in the exercises. The Superintendent was the speaker of the occasion; he delivered an address, the title of which was, "A Plea for Further Education."

All your teachers but two taught in Candia last year, and some even farther back. Candia is fortunate in having retained the services of experienced teachers, and I hope that conditions may be made so favorable that we may continue to retain, from year to year, the teachers who make good. This will prove of mutual advantage. The two new teachers have proved satisfactory. Miss Beland is teaching successfully for the first time, and Miss Plummer successfully for several years. All your teachers are High School graduates and have had further training at Normal School.

The teachers have at various times during the year given socials including programs for the evening. The citizens of the various parts of the town have been invited. These functions have helped much in bringing the schools before the attention of the public, and in establishing a feeling of common interest. It has been a pleasure for me to be present whenever I could on which occasions I took the opportunity to talk to the people present on topics of immediate and general interest. I am happy to think that our teachers find happiness in their work, and that the "suit-case" teacher is disappearing from the market giving place to the ones who come to stay the year round, and make their influence felt in the community.

I have kept in personal touch with your teachers and pupils. Notwithstanding the hard winter, and the difficulty of travel I have visited your schools often, and done what I could to carry out the educational policies of the State Department of Education, and of the local board. The work of both teachers and pupils has been under my constant supervision. I have felt at liberty to make suggestions, request changes, and to express approval of anything which has been well done. At the end of the fall term I asked the teachers to hand in to me a report of the amount of work covered in the various grades since last fall. I find that the requirements are met in every respect except in the amount of reading. This matter

will be taken up with the teachers, and we will do our best to remedy the deficiency.

One of the things which has ever stimulated and raised scholarship among pupils is the giving of prizes for excellence in specific subjects and general scholarship. The Candia people would be doing a great deal to promote excellence in school work, if they should give money to establish a fund, or perhaps made small private gifts of money every year to secure the prizes. The best time to present the prizes would be at graduation. The Superintendent would be very much pleased to hear from citizens who may become interested in the suggestion. If the plan should materialize, the funds could be kept in a bank in charge of a permanent treasurer appointed by the school board.

It goes without saying that everything which is worth while costs time, money, and effort. It also goes without saying that we could do without many things mentioned and apparently save money. But let me emphasize the word apparently. Being penny wise and pound foolish never brought prosperity. Without education and training resulting from expenditures involved, we should not be prosperous. We must invest before we can share dividends.

I am thankful for the fine co-operation which the Candia teachers have always given me, and for the moral support of the boys, the girls, and the citizens. I also appreciate the kind and courteous way in which the school board have dealt with me, and their great share in our work to promote the the educational welfare of the school district.

Respectfully submitted,

VINCENT GATTO,

Superintendent of Schools.
